

DESCRIPTION

Tiny Tim 11 is a unique, low-profile joinery extrusion with a recessed diffuser which drastically reduces glare. At only 11mm deep, Tiny Tim 11 can be used in slim joinery carcasses. For "dot-free" lighting, our "Spec Series Slim" LED strip is the perfect accompaniment. Small ribs on the sides of Tiny Tim 11 allow it to be friction-fitted into an 18mm wide rebate in joinery without the need for screw-fixing.

FEATURES

- Made locally and factory assembled
- Unique mounting clip design for easy installation
- V-groove for accurate drilling and strip alignment
- Polycarbonate diffuser – UV resistant

TECHNICAL DATA

APPLICATIONS	Task lighting in kitchen cabinetry, lighting for shelving or display units
INSTALLATION	Interior
MOUNTING	Recessed
MATERIALS	Extruded aluminium body Polycarbonate diffuser AES plastic end caps
LIGHT SOURCE	LED ribbon strip
POWER SUPPLY	24V DC - remote driver options ranging from 6 W up to 320 W
DIMMABLE	DALI, 1-10V, Phase Cut and Bluetooth drivers available
WARRANTY	7 year product warranty 13 months labour warranty. Refer to www.lightculture.com.au for more details

FINISH

*Custom colours available

LED STRIP

SPEC Series Slim IP20

9.6 W/m		14 W/m	
3000 K	4000 K	3000 K	4000 K
432 lm	446 lm	578 lm	594 lm

The above outputs are quoting luminaire output lumens per metre
30 W/m strip only available in IP20.
IP65 strips are +/- 200 K in colour temperature variance due to the silicone coating.
Electrical and optical data variance +/- 10%
