NEON CLASSIC

WHITE | SILICONE

MARTINI GLASS OUTLINE IN NEON CLASSIC WHITE

APPLICATIONS

– Signage & cove lighting
– Architectural features
– Exterior or interior installations
– Swimming or feature pools

FEATURES

– A perfect replacement for traditional glass neon tube
– 6W/m option available for use in saunas or steam rooms

Neon is a broad range of silicone encapsulated LED ribbons with a variety of light emissions and casings that closely reference glass neon tube.

Neon Classic is a perfect replacement for traditional glass neon tube with dimensions of W16.5 × H29mm (W11.5mm at the base).

Neon is made to order, check with our team for lead times.

1

NEON CLASSIC | WHITE | CONNECTIONS

Neon products are IP rated based on the fitted connections (power feed / end caps).

Bright Light recommend using Slimline injection moulding for the best result, a clean finish and IP68 rating. These are fitted at factory during the production process and can not be altered once produced - **ensure all lengths are double-checked before ordering.**

If on-site cutting is required (due to lengths being unknown in advance or site design alterations), Snap connector fittings can be used instead. Snap Connectors can be fitted on-site and offer an IP67 rating (provided all installation instructions are followed correctly).
Power feed connectors are priced & supplied with 1metre cable as standard. Please specific at time of quoting if alternate lengths are required.
